

Ref	07043
Machine	TANGENTIAL GRINDING MACHINE
Brand	SAIM
Model	E5 2H (5100)
	Semiautomatic
	For sharpened and grinded of punches
	Equipped with:
	-Magnet plate of 300 x 160 mm

Main Technical Data

- Longitudinal travel (hydraulic) 320 mm
- Cross travel (servo-controlled) 190 mm
- Vertical travel (manual) 270 mm
- Grinding wheel dimensions \varnothing 180 x 32 x 16 mm
- Grinding wheel axis speed 3.000 RPM
- Grinding wheel motor power 0,75 kW / 1 CV
- Supply voltage 220 / 380 V – 50 Hz
- Approximate dimensions (L x W x H) 1.100 x 1.100 x 1.850 mm
- Approximate net weight 300 kg

Other specifications:

- Grey cast iron of high quality
- Greasing by means manual pump
- Pre-installation of cooling
- Hydraulic group internal with control viewer

(Characteristics based according to technical data)
